Good day everyone. I want to thank you all for your hard work on membership. We have several squadrons that have reached their goal and above. I know that is not easy to do, you need to be commended for your efforts. I am in the process of personally calling squadrons and speaking to them concerning their membership. I have enjoyed speaking to you. Thank you for your thoughts and ideas. For those squadrons that are achieving your goal, what tools have been successful for you? What ideas do you have that you can share with the other squadrons? Please share them with your neighboring squadrons and with me. Please keep in mind that we want to give The American Legion another record year for membership. Don't forget Commander Ron's goal of 4,000 members! Let's continue to work on renewals. Getting your members to renew is the key. Why have they not renewed this year? Do you have cards that you can send in? Get those renewals sent ASAP. Let's give our best effort to reach 100%! In closing remember "you can make a difference". What can I do for you? Please contact me either by phone or e-mail.
