

## **NORMANDY HONORING OUR LEGACY**

Gentlemen,

It appears I have been approved to travel to Normandy for the DDay anniversary. If anyone has a direct connection to the Normandy invasion I would appreciate knowing it so I can appropriately honor that connection. Did you father/mother, grandfather/grandmother participate in the DDay invasion? Do you have anyone related to you that is still interred in France, etc.? I will attempt to honor that connection while there is informed please ask those you are connected to - to respond ASAP. Thank you. I am sure there are many buried on French soil that were Sons members from WWI parents that never truly had the opportunity to become full Legionnaires. I look forward to honoring our legacy from those brave individuals. Thank you. Honoring the past....continuing the legacy, Please RSVP when appropriate. Regards for God and Country, Doc
